Newton and the Counterfeiter tells a story almost lost to history, that of a second career pursued by the most accomplished scientist in history: Isaac Newton's turn as a currency cop. For half of his adult life, Newton served as head of the Royal Mint. In that role, he had the duty to pursue those who debased or faked the king's coins.

Newton and the Counterfeiter — Thomas Levenson

This story has two main characters, one (the counterfeiter) more likeable than the other (Newton). The counterfeiter was a lad from the sticks on the make in London. He began counterfeiting in a small way (clipping silver coins), tried for the jackpot years later and in the end lost his head.
