~~NFPA 69-2002—NFPA 69: Standard on Explosion Prevention ...~~

This edition of NFPA 69 was approved as an American National Standard on February 21, 1997. Origin and Development of NFPA 69 In 1965, an NFPA Committee was appointed to develop standards for explosion protection systems. These standards would include information on inerting to prevent explosions and venting to minimize damage from an explosion.
