HSE: The best approach to HSE in the oil and gas industry is prevention. Advanced maps and spatial analysis reveal vulnerabilities that can be addressed before an alarm rings. Know where people and assets are located and their real-time status to minimize risk. Map a path to preparedness with plans for evacuations, containment, and mitigation that can save lives and property should an emergency arise.

Health, Safety and Environment (HSE) in Oil and Gas ...

HSE – Basic Concepts. Petroleum industry makes use of many different activities in all the sectors of the business cycle: from upstream to downstream. Oil and services company’s management apply HSE policies to all levels of operations and in all sectors. Health, Safety, Environment are separate issues, each with its own technology, but they are often combined in the same functional groups within the oil companies.

HSE - Basic Concepts - Oil&Gas Portal

The natural gas and oil industry is committed to protecting the health and safety of our employees, our contractors, and the people of the communities in which we operate. Natural gas is helping to improve the health of communities and environments across the U.S. by decreasing pollution levels and improving air quality, and internationally-recognized standards help ensure the safety of our workers and communities.

Health & Safety - American Petroleum Institute

It's an understatement to say in the past few years the oil and gas industry – both “upstream” in exploration and drilling operations, and “downstream” in refining processes – has gone through formidable safety challenges and traumatic safety-related incidents. Today, major oil and gas multinationals are among the most transparent of any enterprises in sharing safety and health lessons learned and best practices, as the industry strives to achieve and maintain the public trust ...

20 Best practices from the oil & gas industry - HSSE WORLD

This was a calamitous year for the oil and gas industry. The coronavirus pandemic spurred a drop in oil prices, leading to the worst quarterly earnings in living memory for companies like Exxon Mobil and Chevron Corporation. While the sector was the worst-performing on the stock market in 2020, the long-term prognosis looks even worse.
