This Polaris Dual 5 Digital Flash Meter is an upgraded version of the Polaris 2 Meter. This new version now offers a 5 degree spot and incident measurements for both ambient and flash light. It has some features of the much more expensive flash meters. An oversized LCD display, multi-flash capability and user preset program levels are just some of the copied traits. Box Contains. Polaris Dual ...

Flash Sync - Polaris Dual 5 Light Meter Jun 1, 2006 I have recently obtained a set of Bowens Radio Triggers for my lights (when I get them), my question is - how do I utilise the flash sync function on my meter which is a Polaris Dual 5. The Bowens manual is a bit vague (though admittedly I haven't read the light meter manual!). if anyone can briefly describe the process on a light meter (say ...
