Preston Tucker and His Battle to Build the Car of Tomorrow ...

Launching a torpedo across the bow of Detroit's automakers. Preston Tucker was a gifted entrepreneur and technological visionary who challenged the automotive establishment. Born in 1903 in Capac, Michigan, Tucker was always obsessed with automobiles. By the age of 16, he was already making money buying and flipping cars and had left school to work at Cadillac as a clerk.

» Preston Tucker | Automotive Hall of Fame

A 2017 Michigan Notable Book After World War II, the American automobile industry was reeling. Having spent years building tanks and airplanes for the army, the car companies would need years more to retool their production to meet the demands of the American public, for whom they had not made any cars since 1942. /> And then in stepped Preston Tucker.

Preston Tucker and His Battle to Build the Car of Tomorrow ...

Preston Thomas Tucker (September 21, 1903 - December 26, 1956) was an American automobile entrepreneur. He is most remembered for his Tucker 48 sedan, initially nicknamed the "Tucker Torpedo", an automobile which introduced many features that have since become widely used in modern cars. Production of the Tucker '48 was shut down amidst scandal and controversial accusations of stock fraud on March 3, 1949.

Preston Tucker - Wikipedia

"A deeply researched and highly approachable new biography written by Steve Lehto (with a forward by Jay Leno), Preston Tucker and His Battle to Build the Car of Tomorrow, describes the mad, madcap, and often maddening efforts Preston Tucker undertook in his attempt to create real and practical change within the American automotive industry." —TheDrive.com

Preston Tucker and His Battle to Build the Car of Tomorrow ...

1950: Along with seven business associates, Preston Tucker – founder and namesake of the Tucker Car Corporation and the creator of the ultramodern Tucker '48 sedan – is found not guilty of 25 counts of mail fraud, five counts of violating SEC rules and a single count of conspiracy to defraud.

Preston Tucker: A Generation Too Late - Economic Thinking

In Preston Tucker and His Battle to Build the Car of Tomorrow, Lehto separates the true story of Tucker's rise and fall from the mythology that surrounds the car and its creator. The book's dedication to Tucker "and every other person who has dared to launch a business in America" telegraphs his sympathy for an ambitious everyman who pursued his dream in the face of overwhelming odds.
