development of
psychometrics. Her
generative work,
Psychological Testing,
remains a classic text in
which she drew attention to
the individual being tested
and therefore to the

Download Ebook Psychological Testing

responsibilities of the testers. She called for them to go beyond test scores, to search the assessed individual's history to help them to better understand their own results and themselves.

Review: "Psychological Testing" by Anne Anastasi.
The field of testing has grown so rapidly that most contemporary books on psychological testing are either extensive and superficial, or intensive

Download Ebook Psychological Testing

and incomplete. Anastasi's new college text achieves a nice compromise between these extremes. This is not a compendium of present-day tests, each briefly described and briefly criticised.
