"Ruling the Void" analyzes democratic trends over the last few decades, in Europe and America, and argues that there are two complementary processes at work. Popular disengagement, and the withdrawal of political elites from a representative role, are both contributing to the death of the political party - and with

it the characteristic form of Western democracy.

Ruling The Void: The Hollowing of Western Democracy ...

Peter Mair's "Ruling the Void" is one of the foundational texts for understanding what has often been called the 'democratic deficit' in parliamentary politics today. The book focuses in particular on the changing role of political parties and systems based on party-mediated representation since the mid-20th century or so.
