Section 3: Cell Cycle Regulation - Damm's Science Page

Control of the cell cycle is necessary for a couple of reasons. First, if the cell cycle were not regulated, cells could constantly

Download File PDF Section 3 Cell Cycle Regulation

undergo cell division. While this may be beneficial to certain cells, on the whole constant reproduction without cause would be biologically wasteful. Second, internal regulation of the cell cycle is

Download File PDF Section 3 Cell Cycle Regulation

necessary to signal passage from one phase to the next at appropriate times.
