Serial Killer Groupies and Hybristophilia: Why Some Women ...

One of the most common reasons given by women who date serial killers is the fact that they 'see' the little boy that the horrible man once used to be, and they believe that they can nurture that kid, hence removing the cruel and harmful nature of the killers and making them amicable again. Known as 'serial killer groupies' or even 'prison groupies' by some, a great number of these women have shown a surprising desire to get connected to the serial killer of their choice.

Serial Killer Groupies | Publisher | RJ Parker Publishing

Summary. When studying the dark world of serial killers, the women who attach themselves to them, follow them, write to them and in many cases marry them are a curious subject. In Serial Killer Groupies

The Twisted 'Groupies' Who Loved Serial Killer Ted Bundy

The funny thing is that every serial killer has a groupie attached to him or her. Many prison guards and officials have reported a large amount of mail received by serial killers are from groupies - women who just want to communicate with these killers even though they have had no prior association with these killers.

Serial Killer Groupies and Hybristophilia: Why Some Women ...

Historically serial killers and mass murderers have always had their groupies. Explaining that phenomenon requires four psychiatrists and a Bell Jar. Human beings have deep wells of depravity and there is a very specific type of mind that is attracted to a murderer.

serial killer groupies - why we love serial killers | Scoop.it

Their reasons (somewhat elaborated here) include the assumptions that: their love can transform the convict: from cunning and cruel, to caring, concerned, and passionate. there's a wounded child nested somewhere inside the killer that can be healed through a devoted nurturance that only they can provide.
