SWK 386 Role of Theory in Social Work Practice ~~Social Work Values The Moral~~ Concepts from the intellectual struggles of social work and from an interdisciplinary perspective suggest ways to ground the profession's skills and knowledge in its values of human dignity, service to humanity and social justice. At its core, social work must respond to the moral imperative of caring for the neediest among us. This entails re-claiming and building on the commitment of early social workers "to work with forces that make for progress . . . to forward the advance of the ...

~~Social Work Values The Moral Core Of The Profession~~

Rawls's work highlighted a concept that has become critically important in ethics and in social work: the ranking of values and ethical duties. For Rawls and many other moral philosophers, ethical decisions often reduce to difficult judgments about what values or duties take precedence over others. Rawls calls this lexical ordering. For example, should a vulnerable client's right to self-determination take precedence over the social worker's duty to protect the client from engaging in ...
