Introduction This solution manual is intended as a guide for instructors using the textbook, Estimating Construction Costs, 6th edition. Estimating is not an exact science. It involves the process of forecasting the cost and/or time to perform construction operations based on assumed conditions.

Solution Manual

Solution Constructions has carried out most of the renovation of our Victorian terrace, and always been really nice to work with. Their work is always on time and has a high quality of finish. I would definitely recommend Solution Constructions.
