This book both defines sports discourse, and provides an account of the different discourses that are utilized and come into play when the field of sport speaks. It shows how the sports communities have been addressed over time by various speakers, across various multimodal genres. Tony Schirato looks first at how discourse can be viewed as a form of work, something that produces and naturalizes meanings, and habituates the way we see the world.

Schirato considers the discourse set up by the field of sport, largely using the theoretical work of Pierre Bourdieu on cultural capital and habitus. Over the course of ten chapters, the book follows a largely chronological account of sport, though each chapter has its own topic.

~~Sports Discourse: Schirato, Tony: Amazon.sg: Books~~

Tony Schirato looks first at how discourse can be viewed as a form of work, something that produces and naturalizes meanings, and habituates the way we see the world. Grounding this exploration is an account of the development of the field of sport as a specific discursive regime, one that is both reflected and refracted by the dominant discourses and values of the time.
