Satan was a morning star. Jesus, as God incarnate, the Lord of the universe, is the BRIGHT and morning star. Jesus is the most holy and powerful "light" in all the universe. So, while both Jesus and Satan can be described as "morning stars," in no sense is this equating Jesus and Satan. Satan is a created being.

Why are both Jesus and Satan referred to as the morning star?

A morning star is a celestial object, usually a planet and most likely Venus, that is seen in the eastern sky just before dawn breaks. It is often one of the brightest objects in the night sky, other than the moon, which is why it is often called the bright morning star.

The Morning Star is a left-wing British daily newspaper with a focus on social, political and trade union issues. The paper was founded in 1930 as the Daily Worker by the Communist Party of Great Britain. In 1945, ownership was transferred from the CPGB to an independent readers' co-operative, and it remains wholly owned by its readers. It was renamed the Morning Star in 1966. The paper describes its editorial stance as in line with Britain's Road to Socialism, the programme of the Communist Par
