The Comparison Of The Polish In Polish the construction of the comparative and superlative depends on the form of the word. For words ending on k , e.g. szero k i, wyso k i or szyb k i, the comparative is constructed by removing the ending of the word and adding szy , e.g. szer szy , wyż szy and szyb szy .

Comparison of adjectives (stopniowanie przymiotników) All Polish adjectives are comparable, just like in English. The initial form to create comparisons is the basic one, the positive. The comparative is formed by adding the suffix -szy /-ejszy to the positive, but there are also many deviations, exceptions and phonetic changes occur.

Polish Alphabet. Learning the Polish alphabet is very important because its structure is used in every day conversation. Without it, you will not be able to say words properly even if you know how to write those words. The better you pronounce a letter in a word, the more understood you will be in speaking the Polish language.

comparison - English-Polish Dictionary - Glosbe

The Czech and Slovak languages form the Czech-Slovak (or Czecho-Slovak) subgroup within the West Slavic languages.. Most varieties of Czech and Slovak are mutually intelligible, forming a dialect continuum (spanning the intermediate Moravian dialects) rather than being two clearly distinct languages; standardised forms of these two languages are, however, easily distinguishable and recognizable.
