Verisign will retain control over the dot-com registry until 2024, providing it with a multi-billion-dollar cash cow for the next eight years. Verisign's contract to run the internet's most valuable naming structure is not due to end until 2018, but in a sign of the power politics at the top of the internet, the agreement

Cash Cows – Cash cows are leaders in a more mature market. These are successful products that enjoy a large market share in a well-established market.

Since a cash cow demonstrates a return on assets greater than the market growth rate, it generates more cash than it consumes. These
