The End of History and the Last Man - Wikipedia

The end of history is a political and philosophical concept that supposes that a particular political, economic, or social system may develop that would constitute the end-point of humanity's sociocultural evolution and the final form of human government. A variety of authors have argued that a particular system is the "end of history" including Thomas More in Utopia, Georg Wilhelm Friedrich ...

End of history - Wikipedia

The End of History and the Last Man was the first book to offer a picture of what the

new century would look like. Boldly outlining the challenges and problems to face modern liberal democracies, Frances Fukuyama examined what had just happened and then speculated what was going to come next.

Francis Fukuyama wrote *The End of History and the Last Man* in 1992, defending the idea that with the triumph of Western liberal democracy over Soviet communism, humanity had reached the pinnacle ...

[The end of history](#)

The Battle of Jena marked the end of history because it was at that point that the vanguard of humanity (a term quite familiar to Marxists) actualized the principles of the French Revolution. While there was considerable work to be done after 1806 - abolishing slavery and the slave trade, extending the franchise to workers, women, blacks, and other racial minorities, etc. - the basic principles of the liberal democratic state could not be improved upon.
