The EU Issuer-Disclosure Regime: Objectives and Proposals ...

Under a recent European Union ("EU") Directive, the EU Mandatory Disclosure Regime ("MDR") imposes mandatory reporting of potentially aggressive tax planning arrangements involving EU Member States (also known as "DAC6"). EU MDR came into force on 25 June 2018 however the deadline for disclosure is fast approaching, by 31 August 2020.

EU's Mandatory Disclosure Regime ("EU MDR") Implications ...

The European Union (EU) Mandatory Disclosure Regime (MDR) will lead to extensive reporting obligations for a relatively wide range of tax arrangements, and there are no minimum threshold exceptions. Taxpayers and intermediaries must implement policies, procedures and processes to identify and capture details of transactions that they will need to disclose.

Mandatory Disclosure Regime (MDR) | EY - Global

Issuer-disclosure can also improve corporate governance in European firms by reducing their agency problems. In particular, it is argued that issuer-disclosure can enhance shareholder voting and shareholder monitoring in European companies. Chapter Corporate Governance incidentally discusses shareholders' engagement and responsibilities in Europe.

The EU issuer-disclosure regime : analysis of its ...

Within the EU investor protection framework, issuers are required to provide different investor groups with relevant information. Nevertheless, the current issuers' accounting regime based on IAS/IFRS seems to be inconsistent with this regulatory approach. In fact, there are some concerns about the relevance of IAS/IFRS for investors.

The EU Issuers' accounting disclosure regime and investors ...

However, the draft EU Recovery Prospectus Regulations suggest that an EU Recovery Prospectus would require less content than a prospectus under the simplified disclosure regime for secondary issuances and will take less time for approval by the FCA, thereby offering a quicker and more cost effective route for issuers to achieve a secondary issuance during the 18 month period following the EU Recovery Prospectus Regulations coming into force.

COVID-19 EU Recovery Prospectus – a new simplified ...

Abstract. Within the EU investor protection framework, issuers are required to provide different investor groups with relevant information. Nevertheless, the issuers' accounting regime seems to be inconsistent with this regulatory approach. Due to their ever increasing complexity, IAS/IFRS are not suitable to meet investors' needs and can lead to an information overload, to which also sophisticated institutional investors are exposed.
