The physicist who knows nothing about Scripture and the theologian ignorant of calculus may yet see eye to eye on the remarkable power of beauty to manifest the presence of truth. It is this probative force of beauty that drives Dubay's impressive reflection on how the perception of harmony instills a sense of conviction among honest seekers in both science and religion.

Evidential Power of Beauty has not only opened my eyes, mind, and senses to creation on a deeper level, but it has intensified my hunger and wonder that is often stifled and desensitized in American pop culture. Though one reviewer commented on Dubay's "attack" on rock and roll, I don't believe it was an attack at all.
