Functional Art, The: An introduction to information ...

The Washington Post has just published the U.S. version of the project I mentioned in the previous post: what if all victims of COVID-19 lived around you? Working with The Washington Post graphics folks was an honor and a pleasure. Here are all people involved (I copied this from the project page itself): This is the U.S. version of a project originally created in Brazil, as a partnership by ...

The first book to offer a broad, hands-on introduction to information graphics and visualization, The Functional Art reveals:

- Why data visualization should be thought of as “ functional art ” rather than fine art
- How to use color, type, and other graphic tools to make your information graphics more effective, not just better looking

The Functional Art: An introduction to information ...

"The Functional Art" is a revised version of an earlier book in Spanish. Even though the subtitle says "An introduction to information graphics and visualization", this is hardly a read for beginners. Rather, I'd recommend it to everyone who seeks a deeper understanding of what they are actually dealing with when producing visual communication.
