The Secret Life of CODES - Murderousmaths

To create a secret code or cipher, start by writing the letters A through M in one row and the letters N through Z in another row underneath. Then, replace each letter in your message with the letter above or below it to encode your message. For example, since the rows give you letter pairs of H and U, E and R, L and Y, and B and O, you'd ...

5 Ways to Create Secret Codes and Ciphers - wikiHow

Crack the Code and Find the Secret Word. Cracking Codes & Cryptograms For Dummies has something extra — a secret word within the book for you to discover! This secret word isn't listed in the Hints or Answers, and it isn't mentioned anywhere within the book. The only way you can discover it is by solving the puzzles.

Cracking Codes & Cryptograms For Dummies Cheat Sheet

the G code is a set very basic rules that if you follow very carefully, you will have the upper hand on anyone who means to do you harm. it is not so much a secret, as a humble understanding of the ways of the world. to boast and to flaunt are direct violations of it, so those who frequently speak in public about the G code do not fully grasp the concept. the G code is a way of life, a survival technique that has endured conflicts since the arrival of the first slave of the eastern seaboard.
