Vulnerable: The Law, Policy and Ethics of COVID-19 | Paul Daly

Ethics and laws are found in virtually all spheres of society. They govern actions of individuals around the world on a daily basis. They often work hand-in-hand to ensure that citizens act in a certain manner, and likewise coordinate efforts to protect the health, safety and welfare of the public. Though law often embodies ethical principals, law and ethics are not co-extensive.

Last Modified Date: October 14, 2020. In its most basic sense, ethics law is a series of laws and codes that set the boundaries of acceptable moral conduct for people and businesses within a given society. Ethical considerations often play into a variety of different laws, and may influence things like sentencing and punishment guidelines, too.

What Is Ethics Law? (with picture) - wiseGEEK

The Code of Ethics is a supportive, positive, everyday decision-making framework and is a constant reinforcement of the values and standards Policing is proud of. It is intended to encourage personal responsibility and the exercise of professional judgement; empowering everyone in policing to ensure they always do the right thing.
