dimensions of teaching inhere in certain key facts. First, all teaching aims to change people; there is an implicit assumption that this change is for the better.

The Moral Dimensions of Language Education | SpringerLink

This digest addresses two components in the moral and ethical preparation of teachers: identification and assessment of professional ethical concepts and structures in teacher education, and foundations and specific models for the preservice training of teachers of character. A teacher's first moral obligation is to provide excellent instruction.

Moral and Ethical Issues in Teacher Education. ERIC Digest.

First, teaching is founded on the relationship between a teacher and a student. Relations are in essence moral in nature; thus, the relational nature of teaching imbues it with moral significance. Second, teaching entails decisions and actions on the teacher's part that influence the growth and well-being of others.
