Nano Reef Handbook Book—Complete Aquatics

This book is like the Curates Egg..good in parts! If you have no experience of marine fishkeeping it gives good technical advice.However this can be found in other good books too! as a Nano reef 'handbook' it fails to deliver.There could be a lot more photos of existing set ups and a lot more detail on how those setups were achieved..In all for the price it is disappointing.It should also be ...
