Storyline. 100,000 people have been poisoned by lead, a lifelong affliction, yet somehow this shocking event has been normalized in the US. "Flint: The Poisoning of an American City" gives voice to the current struggle of city residents and follows the environmental history of the river and how the continued abuse and neglect of city infrastructure and environmental regulations have led to the poisoning of a city.

## **The Poisoning of America - TIME**

Parents need to know that *Flint: The Poisoning of an American City* is a documentary that tracks events leading up to and following the Flint River's contamination of a city's water supply, and the inaction of government authorities to respond to the crisis. From the 1940s and 1950s, when Flint, Michigan, was a thriving working-class community, through the departure of the automobile industry, which was its lifeblood, to its currently failing infrastructure, the city's decline is a cautionary ...

## **Anglo American sued over alleged mass lead poisoning of ...**

Legal firms Mbuyisa Moleele Attorneys and Leigh Day have filed a class action lawsuit against Anglo American. The firms claim that Anglo's former facility, the Kabwe lead mine in Zambia, has poisoned more than 100,000 local people through the contamination of the local environment. The lawsuit asserts that under Anglo American's ownership, the mine's smelter, ore processing unit, and tailings dumps polluted local soil and water sources, raising the blood lead level (BLL) of local ...

By Antony Squazzin. (Bloomberg) – A group of Zambian women and children filed a suit against Anglo American Plc in South Africa, alleging the mining company caused widespread lead poisoning from a mine it owned until 1974 in the northern city of Kabwe. The case, which is demanding compensation and a clean-up of the area, was filed in a Johannesburg court on Wednesday by 13 plaintiffs on behalf of an estimated 100,000 people, according to law firms Leigh Day and Mbuyisa Moleele.
