Responsibility to Protect - United Nations

The Responsibility to Protect (R2P or RtoP) is a global political commitment which was endorsed by all member states of the United Nations at the 2005 World Summit in order to address its four key concerns to prevent genocide, war crimes, ethnic cleansing and crimes against humanity.

Responsibility to protect - Wikipedia

The Responsibility to Protect (R2P) is an emerging international security and human rights norm which seeks to enhance the state’s ability to protect civilians from four mass atrocity crimes: genocide, crimes against humanity, ethnic cleansing and war crimes.

R2P - in detail | UNA-UK

The responsibility to protect (commonly referred to as ‘RtoP’) rests upon three pillars of equal standing: the responsibility of each State to protect its populations (pillar I); the ...

The Responsibility to Protect | United Nations

The conception that those who hold political authority have a responsibility to protect their subjects or citizens spans many societies and cultures. The same goes for various humanitarian traditions that concern responsibilities to those beyond one’s immediate community.

A reflection on the Responsibility to Protect in 2020 ...

The Responsibility to Protect - known as R2P - is an international norm that seeks to ensure that the international community never again fails to halt the mass atrocity crimes of genocide, war crimes, ethnic cleansing and crimes against humanity.

What is R2P? - Global Centre for the Responsibility to Protect

R2P consists of three pillars that are “equally weight[ed] and nonsequential”: 1) states hold the responsibility to protect their populations from mass atrocities such as genocide, war crimes, ethnic cleansing, and crimes against humanity; 2) the international community has the obligation to assist and encourage states to meet that responsibility; 3) when a state has failed to protect its citizens, the international community holds the responsibility to take timely and decisive action to ...

Shortcomings of the 'Responsibility to Protect': An ...

The ‘Responsibility to Protect’ (R2P/RtoP) is a relatively recent and still-evolving international security and human rights concept in international relations that, as mentioned in a United Nations (UN) University essay on the subject, addresses the failure of states-whether unable or unwilling-to protect their populations from mass atrocities.

The Responsibility to Protect | 9780199797769 ...

...the principle of the “responsibility to protect” (often called R2P). Under this principle, states have a responsibility to protect their civilian populations against genocide and other mass human rights atrocities. If they fail to do so, according to the R2P principle, states forfeit their sovereign immunity, and the international...

Responsibility to protect | human rights principle ...

The responsibility to protect implies a duty to react to situations in which there is compelling need for human protection. If preventive measures fail to resolve or contain such a situation, and when the state in question is unable or unwilling to step in, then intervention by other states may be required.

The Responsibility to Protect | Foreign Affairs

With its central theme of the “responsibility to protect,” the report underlines the primary responsibility of sovereign states to protect their own citizens from avoidable catastrophe – from mass murder, from large scale loss of life and rape, from starvation.

The Responsibility to Protect: Report of the International ...

The United Nations defines the Responsibility to Protect as follows: “Each individual State has the responsibility to protect its populations from genocide, war crimes, ethnic cleansing and crimes against humanity. This responsibility entails the prevention of such crimes, including their incitement, through appropriate and necessary means.
