What does your firm's focus on the science and technology sectors mean for trainees and their training contract experience? Taylor Wessing's focus on tomorrow's industries, such as life sciences and technology, means that trainees will get the chance to work in emerging sectors, presenting a real opportunity to get to the heart of new and in-flux areas of the law.

~~Using your science degree in a law career, written by~~

In the Faculty of Science and Technology, much of our work is guided by the notion that people have an essential part to play in modern engineering and technology. Within our Faculty we are attempting to integrate the study of people, both as individuals and societies, with that of artefacts and the sciences that are involved. Our Faculty brings together leading academics from a wide variety of backgrounds, working together to ensure that broad perspectives of systems are used, to challenge ...
