TDI, an abbreviation for "Turbocharged Direct Injection", is a marketing term used by Volkswagen Group for its turbocharged diesel engines that have direct fuel injection. TDI engines are used in motor vehicles sold by the Audi, Volkswagen, SEAT and Skoda marques, as well as boat engines sold by in Volkswagen Marine and industrial engines sold by Volkswagen Industrial Motor. The first TDI engine, a straight-five engine, was produced for the 1989

In the meantime, the Volkswagen Marine Power is chosen even by many commercial users of fast motor boats, e.g. for water taxis or police patrol craft. A motor boat can never be better than its engine. Because our TDI ' s are not only fun to use – long engine life, minimized emissions and surprisingly low fuel consumption come along with it!
