Army Edas User Manual
EDAS uses a number of terms in its operation. Since conferences and journals each use their own terminology, EDAS tries to choose common terminology, but can naturally not match the nomenclature preferred by a particular conference or community. However, in almost all cases, these conference-specific entities can be mapped to EDAS elements.

EDAS: Glossary
INFORMATION ON EACH MENU OF EDAS 1. Drawing Approval 1) Vessel List: List of ships is provided in progress of drawing approval. Edas User Guide
EDAS is the single point of access for the data collected and generated by the EGNOS ground infrastructure - mainly Ranging and Integrity Monitoring Stations (RIMS) and Navigation Land Earth Stations (NLES) - distributed over Europe and North Africa.

ABOUT EDAS | EGNOS User Support
eDAS® is a data acquisition system which collates, centralises and presents your on-site environmental monitoring data. Depending on your specific requirements, eDAS® can be implemented and accessed in three versions with optional features and a Support Package to suit your specific monitoring requirements.
