Women, Migration & the Cashew Economy in Southern Mozambique: 1945-1975. Between the late 1940s and independence in 1975, rural Mozambican women migrated to the capital, Louren\u00e7o Marques, to find employment in the cashew shelling industry. This book tells the labour and social history of what became Mozambique's most important late colonial era industry through the oral history and songs of three generations of the workforce.
