Exposed to Innumerable Delusions: Public Enterprise and ...

The states of Egypt, India, Mexico and Turkey have all developed extensive public enterprise sectors and have sought to regulate most economic activities outside the state sector. Their experiences have been typical of scores of developing countries that followed similar paths of industrialisation. This 1993 study examines the origins of these state sectors, the dynamics of their growth and ...

Xposed is like a software version of Google's Project Ara. It's a framework which lets you install "modules" with added functionality on top of Android. Many of them replicate functionality you'll only find inside custom Android ROMs, such as the ability to set a screen unlock pattern with a 4x4, 5x5, or even 6x6 grid, for example.
